Group A was the students of 1 to V & the incharged of group A was Ms. Gizala & Ms. Fozia. Group B was the students of VI to XI & the incharged of this group was Ms. Chanda Bi & Mr. Sibtey Ali, Group C was the students of XII to graduate & the incharged of the group

was Ms. Farha Naz & Salma Tabassum. Timing of essay writing was 12:30 to 1:00. Topic for essay writing was global warming water pollution, air pollution noise pollution, plantation, earth quake etc. Essay writing was competition in the guidance of Ms. Rizwana Warsi & Ms.

Ishrat Jahan.

The competition of the poster making was started at 2:30 pm to 4:00 pm in the guidance of the Ms. Farha Akram, Ms Rizwana khusheed. Topic was deforestation environmental pollution, Industrialization, green house effect, Save your

mother land & other important message given by the poster making. After making poster, the distribution of prize was started at 4:00 pm every group have three types of winner in every completion. E.g I, II, III prizes were given by chief guest Mr. Haji Irfan Sahab, MLA Bilari, the Director of KIIT Mr K.M Faheem . In end of the program K.M Faheem said that “it is not compulsory that we save our earth only earth day, if we want to ready do something for our earth so make everyday earth day”. If we will work together for our earth then we can save our earth easily & we will celebrate every day as Earth day.

Workshop on Natural Calamities

& Sustainable Development”

**On 25th February-2013 At The Indian
Cambridge School Dehradun
(Uttarakhand)**

Organised by:

The Ministry of Earth Sciences, Government of Indian organized a workshop at The

Indian
Cambridge
School,
Dehradun, on
Monday 25th
February. The

theme of the workshop was – “Natural Calamities and Sustainable Development”.

This very enlightening workshop was conducted through the good offices of ‘Key Foundation (KF)’ a National Level Voluntary

Organization which works in the field of Science Awareness, Health and Technology, Education Development, etc Mr. S.M. Faizani, Secretary of the organization – was personally present to see to the proper conducting of the programme. And which was definitely organized extremely well by him.

The objective of this workshop is to create awareness among school students and teachers about Natural Calamities and Sustainable

Development, and to know human dependence through understanding the earth system process, so that all may know how to use the resources in a more scientific way. Furthermore,

by holding such workshops, and through the innovative and cross disciplinary teaching-

learning process amongst the participants, it will inculcate an inherent sense of responsibility towards the nation and society at large.

The Guest speakers for the workshop were, Dr. B. K. Tyagi and Prof. Afaque Ahmad. Dr.

Tyagi by way of video illustrations and through interactive participation deliberated about earthquakes and their causes, and ways to be able to overcome the after effects through different ways. Prof. Afaque on the other hand exhibited a documentary and power-point on sustainable energy and how it was important for each one to know their responsibilities. Both Dr. Tyagi and Prof. Afaque called upon the students to be better learners by becoming more curious and hungry to discover new Knowledge.

The Director of the School Mr. Syed Mohammed Yasar, Member of the Management Committee Brig. R.K. Bhatia (Retd.), School Principal Albert Temple, added to the

importance of this very awe-inspiring workshop with their attendance for the full length of the workshop which lasted for 4 hours. In his message, the Director thanked Dr. Tyagi and Prof Afaque for their wonderful contributions to society for holding such workshops and sharing their expertise. Principal Albert Temple also thanked Mr. S.M. Faizani for organizing the event, and thanked both Dr. Tyagi and Prof Afaque for their good counsel and guidance to the students. Mr. Jasbir Singh and Mrs. Anu Srivastava Senior co-ordinators of the school assisted in seeing to the good conduct of the workshop.

At the end, each student was presented with a participation certificate. A high-tea was held with students, guests and accompanying teachers. There was much feedback from the students who indeed appreciated the holding of such workshops and were excited at the prospect of a bigger one which has been slated to be held on 'Earth Day' on 22nd April. The students, in total, found this workshop to be one of the most interesting and knowledgeable, which they have ever attended. For them, it has been a big eye-opener.

Objective: The objective of this workshop is to create awareness among school students

and teachers about Natural Calamities and Sustainable Development, and to know human dependence through understanding the earth system process, so that all may know how to use the resources in a more scientific way.

Furthermore, by holding such workshops, and through the innovative and cross disciplinary teaching-learning process amongst the participants, it will inculcate an inherent sense of responsibility towards the nation and society at large.

Earth Day Celebration-2013

**THEME: FUTURE EARTH
AT
LEH-LADHAK**

Earth Day is the largest, most widely celebrated international environmental event. Earth Day helps celebrate Earth's unique place in the universe. It is the only planet in our solar system teeming with

incredible biodiversity. Learning about and protecting this biodiversity is what Earth Day is all about. People all over the world celebrate our efforts to protect plants and animals and to clean up the world we live in. Most people celebrate Earth Day on April 22nd each year. In some countries, it is celebrated a month earlier on the vernal equinox. Countries all over the world celebrate Earth Day in different ways.

Key Foundation organized Earth Day Celebration with the help and kind support of Ministry of Earth Science in Leh-Ladakh (J & K) Leh is situated on high peak and a cold city surrounded by mountains of snow, it is heaven on the earth. A beautiful place with peace. Key Foundation organized Earth Day in Lamdon Model Sr. Sec. School Leh.

On 22nd April -2013:

Inauguration Ceremony:

At 11: 00 o' clock Chief Education officer arrived, Mr. S.M. Faizani (Secretary, Key Foundation) welcomed the Chief Guest. He also welcomed Mr. B.K. Tyagi (Scientist 'E'). The state director of Key Foundation was also present in the Inaugural Ceremony. Programme was started by the blessings of Mr. Dalai Lama and inaugurated by Chief Education Officer. Principal of Lamdon Model Sr. Sec. School presented 'Kathak' a token of love to all guests. Anchor Ms. Rigzin explained the mission and vision of Key Foundation. She also explained mission's vision Ministry of Earth Sciences, Govt. of India. Ms. Rigzin called up Mr. S.M. Faizani on stage for next session. Mr. S.M. Faizani focused on Earth Day Celebration. He said that "Earth

Day is world's birthday" we should care of our mother earth and this is the responsibility of all Indians.

After the talk of Mr. S.M. Faizani. Dr. B.K. Tyagi called up on the stage and he presented a paper presentation on Earth Quick. He explained how we can rescue our self and our family from Natural disasters. After the knowledgeable presentation of Dr. B.K. Tyagi. The chief guest comes

up on the stage. He thanked Key Foundation and MOES. At last School's Principal thanked to all participants and guests. At 12:00 clock refreshment started. After refreshment participants participated in essay competition this was one hour program 60 students

प्राकृतिक आपदाओं के बारे में दी जानकारी

द इंडियन कैम्ब्रिज स्कूल में आयोजित कार्यशाला में विचार रखते वक्ता।

स्कूली बच्चों ने उत्साह से कार्यशाला में लिया हिस्सा

● जनवाणी संवाददाता, देहरादून

प्राकृतिक आपदाओं ने देश के कई हिस्सों में तबाही मचायी है। आज धरती पर प्रदूषण बढ़ता जा रहा है। पर लोगों में प्रकृति को बचने के लिये जागरूकता नहीं बढ़ रही है। प्रदेश के विकास के लिये स्वस्थ वातावरण

होना बेहद जरूरी है। ऐसे शब्द 'की फाउंडेशन' संस्था के एसएम फेजानी ने एक कार्यशाला में कहे।

सोमवार को द इंडियन कैम्ब्रिज स्कूल में 'नेचुरल कैलिगटरी एंड रिस्केनेवल डेवलपमेंट' पर कार्यशाला का आयोजन किया गया। जिसमें वक्ताओं ने स्कूली बच्चों को प्राकृतिक आपदाओं और निरंतर विकास पर व्याख्यान दिया। इस दौरान की फाउंडेशन संस्था के एसएम फेजानी ने बच्चों को वातावरण और उससे जुड़े हुये घटकों का विडियो प्रस्तुतीकरण किया। इस दौरान फेजानी ने कहा कि राजना वातावरण में बदलाव आ रहे हैं। जिसमें से कुछ प्रकृति और लोगों के लिये खतरनाक हैं। इन बदलाव को रोकने के लिये युवाओं को जागरूक होने की जरूरत है ताकि पृथ्वी को आपदाओं से बचाया जा सके। इस दौरान कार्यशाला के मुख्य वक्ता बीएस त्यागी ने स्कूली बच्चों को भूकंप और उसके कारण का विस्तृत रूप से समझाया। इस दौरान स्कूली बच्चों ने भी प्राकृतिक आपदाओं और विकास के विषय में अहम जानकारी जुटायी। कार्यशाला में अलवर्ट टैपिल, सैयद मोहम्मद, जसवीर सिंह, अनु श्रीवास्तव आदि मौजूद थे।

કઠપૂતળીના માધ્યમથી વૈજ્ઞાનિક સિદ્ધાંતોની કાર્યશાળા

ઈ ગ્લોબલ મિડીયમ સ્કૂલમાં અભ્યાસ કરતા કોઈ બાળકને જો વિજ્ઞાનના સૌન્દર્યનિયમો બોર્ડ ઉપર લખીને સમજાવી દેવામાં આવે, ત્યારબાદ તે બાળકની પરીક્ષા લેવામાં આવે તો તે બાળક સારા નંબર સાથે પાસ થઈ જાય. પણ જો આજ રીતે કોઈ સ્વમ બાળકને સમજાવીને તેની એક્ઝામ લેવામાં આવે તો કદાચ તે બાળક આ એક્ઝામમાં પાસ થઈ શકશે નહીં. કારણ કે એ બાળકને વિજ્ઞાન એટલે શું? તેનો કોઈ ખ્યાલ નથી? પરંતુ શહેરના સેટેલાઈટ વિસ્તારમાં આવેલી દેવાપિશ સ્કૂલમાં અત્યારે એવી કાર્યશાળા ચાલી રહી છે. જેમાં આ સ્વમ વિસ્તારમાં રહેતા બાળકો કે જે છુટક મજૂરી કરીને પોતાના માતા પિતાની મદદ કરે છે, તે બાળકોને પેપેટ શો (કઠપૂતળી)ના માધ્યમથી વિજ્ઞાનના સિદ્ધાંતો શિખવાડવામાં આવી રહ્યા છે. આ તમામ બાળકોને શહેરના અલગ અલગ વિસ્તારમાંથી અત્યારે આ સ્કૂલમાં લાવીને આ વિજ્ઞાનના પાઠ શિખવાડવામાં આવી રહ્યા છે. આ બાળકોને પેપેટના માધ્યમથી વિજ્ઞાન શિખવવા માટે સ્પેશિયલી દિલ્હીના સાયન્સ ડિપાર્ટમેન્ટમાંથી બે વ્યક્તિને બોલાવવામાં આવ્યા છે. આ વર્કશોપમાં વિજ્ઞાનના નિયમો ઉપરાંત કઠપૂતળીને કાગળમાંથી કઈ રીતે તૈયાર કરવી, ઉપરાંત પેપેટ કઈ રીતે

સ્વમ બાળકોને કઠપૂતળી જેવા પરંપરાગત માધ્યમ દ્વારા વિજ્ઞાનના સિદ્ધાંતો શિખવાડવા માટે એક કાર્યશાળાની શરૂઆત કરવામાં આવી છે.

ચલાવવી અને પેપેટ શો વખતે ડાઈલોગ ડિલીવરી કઈ રીતે કરવી આ તમામ બાળકો પછા શિખવાડવામાં આવશે. પેપેટ શો દ્વારા વિજ્ઞાન શિખવાડવા આવેલા એસ.એમ.કે.આઈની કહે છે કે કાર્ટૂનની મદદથી બાળકને જો કોઈપણ અઘરી વસ્તુ પ્રેક્ટિકલથી શિખવાડવામાં આવે તો બાળક તે જલ્દી શિખી જાય છે. કઠપૂતળીએ આપણુ પરંપરાગત માધ્યમ છે અને એ જ માધ્યમના ઉપયોગથી આ બાળકોને ભણાવવાનો પ્રયત્ન કરી રહ્યા છીએ.

ટુ વે કોમ્યુનિકેશન હોવાથી બાળકોને પ્રશ્નો પૂછવા હોય તો તેમને પુછવાની છુટ આપવામાં આવી છે. અમે આ ટેકનિક આ સંસ્થાના લોકોને પણ શિખવાડીને જઈશું જેના કારણે બીજા બાળકોને પણ આ જ્ઞાન મળી રહે. હરેશભાઈ ત્રિવેદી કહે છે કે બાળકોને ભણવાની ઈચ્છા ઘણી હોય છે પણ ઘણીવાર પરિસ્થિતિ એવી હોય છે કે કેટલાક બાળકોને છુટક મજૂરી કર્યા કરવા સિવાય બીજા કોઈ છુટકારો હોતો નથી. અમારી સંસ્થાની સ્કૂલો અંધજનમંડળ, શેલ્લી હોસ્પિટલ;

સીવીસ હોસ્પિટલ, જુહાપૂરા વગેરે જેવા વિસ્તારોમાં ચાલી રહી છે. આ દરેક સ્કૂલમાં અમારી સાથે વોલન્ટરી તરીકે ઘણા લોકો ભણાવવા માટે આવતા હોય છે. અમારી આ તમામ સ્કૂલો રસ્તોઓ પર જ ચાલે છે. બાળકોને વિજ્ઞાનના સિદ્ધાંતો સમજવામાં સરળતા રહે તે માટે આપણી પરંપરાગત અને બાળકોને મનોરંજન પુરી પાડનાર કથપૂતળીને માધ્યમ બનાવીને સ્વમ બાળકોને વૈજ્ઞાનિક સિદ્ધાંતો શિખવાડવામાં આવે છે.

Workshop on 'Natural Calamities and Sustainable Development' held

DEHRADUN, FEB 25 (HTNS)
A workshop on 'Natural Calamities and Sustainable Development' was organized here today at The Indian Cambridge School by Key Foundation, a national level voluntary organization which works in the field of Science Awareness, Health and Technology, Education Development and other issues with the support of Ministry of Earth Sciences, Government of India.

Addressing the students on the occasion, Dr B K Tyagi, Scientist, E, Vigyan Prasar stressed on the reasons behind earthquake and how difficult it was to predict them.

"Science is still struggling to predict the timing of earthquake so that ad-

equate measures can be taken to overcome it. Therefore, one needs to plan accordingly, and while, planning for development aspects, several points related to natural calamities should be kept in mind," he added.

With the help of video illustrations and through interactive participation, Dr Tyagi explained the various causes of earthquake and how it could be avoided.

Professor Afaq Ahmad, Director, Kainat International College, Gaya, Bihar exhibited a documentary and power-point on sustainable energy and how it was important for each one to know about their responsibilities. He called upon the students to be better learners by be-

coming more curious and hungry to discover new knowledge.

The Director of the school, Syed Mohammed Yasar said that the objective of the workshop was to create awareness among school students and

teachers about the natural calamities and sustainable development.

Principal Albert Temple extended gratitude to the foundation for organizing the workshop and added that it would help the students in having a better understanding about earthquakes. He further informed that on Earth Day on April 22, the workshop would be organized on a bigger scale.

Students were presented with a participation certificate at the end. Also present on the occasion were members of the Management Committee Brig K K Bhatia, S M Faizani Secretary of the Key Foundation, Jasbir Singh, Anu Srivastava Senior coordinators and other school staff.

Ministry of Earth Sciences holds DM workshop at the Indian Cambridge School

By OUR STAFF REPORTER DEHRADUN, 25 Feb: The Ministry of Earth Sciences, Government of India organized a workshop at The Indian Cambridge School, Dalanwala today. The theme of the workshop was Natural Calamities and Sustainable Development. This very enlightening workshop was conducted through the good offices of 'Key Foundations (KF)' a National Level Voluntary Organization which works in the field of Science Awareness, Health and Technology, Education Development, etc. SM Faizani, Secretary of the organization was personally present to see to the proper conducting of the programme.

The objective of this workshop was to create awareness among school

students and teachers about Natural Calamities and Sustainable Development, and to know human dependence

through understanding the earth system process.

The Guest speakers for the workshop were Dr BK Tyagi and

Prof Afaq Ahmad, Dr Tyagi by way of video illustrations and through interactive participation deliberated about earthquakes

and their causes.

Afaq on the other hand exhibited a documentary and power-point on sustainable energy and how it was important for each one to know their responsibilities. Both Dr Tyagi and Prof Afaq called upon the students to be better learners by becoming more curious, and hungry to discover new knowledge.

The Director of the School, Syed Mohammed Yasar, Member of the Management Committee Brig K K Bhatia (retd), School Principal Albert Temple, added to the importance of the workshop.

In his message, the Director thanked Dr Tyagi and Prof Afaq for their wonderful contributions to society for holding such workshops and sharing their expertise.
